Makena Morley (Big Fork):

Ran 17:44 on the Missoula course

Elizabeth Roodell (Eureka)

Ran 17:58 on the Helena course
(1996)

So did Makena break the Class B girls record? I would say for the Missoula course.

Roodell will always have the Class B girls record for the Helena course.

With Helena changing their course (At least at 7 on 7) we will have to start a new set of records, one for the Missoula course and one for the new Helena course if it in fact becomes the state course.
